

TRIP OVERVIEW

Join us on a Caribbean short escape to the picturesque and unspoilt islands of St Kitts and Nevis. With volcanic landscapes, clear waters and idyllic white sand beaches, this tiny island nation offers some stunning swimming opportunities as we explore the bays, beaches and shipwrecks which make up the country's beautiful coastline.

Located in the Caribbean Sea around 70 km west of Antigua, St Kitts and Nevis is the eighth smallest country in the world by area and ninth smallest by population. The two federated island nations are separated by a 4 km strait known as The Narrows, which, weather-permitting, we will attempt to swim across during this trip.

St Kitts is the larger of the two islands and is home to the capital city of Basseterre and the mighty Brimstone Hill Fortress. It is one of the most unspoilt islands in the Caribbean that enjoys green landscapes, blue skies and long, empty beaches. Across The Narrows, Nevis has a gentle pace of life that encourages you to stop and appreciate the natural beauty around you. The island is anchored by a single volcanic mountain and is home to a small number of beaches and villages.

Our home for the week is the laid back Oualie Beach Resort on Nevis, the perfect base from which to explore the seas around St Kitts and Nevis sister islands.

WHO IS THIS TRIP FOR?

This trip is made up of coastal swims and several crossings. Swimmers should have a good level of open water experience and be capable of completing the average daily swim distance 6 km (split over a minimum of two swims) prior to the start of the trip. Sea swell in the Caribbean tends to be bigger than in the Mediterranean, which also adds to the challenge of this trip and swimmers should be comfortable in these conditions prior to the start of the trip.

LOCATION SUMMARIES

St Kitts

The biggest of the two sister islands, St Kitts sits on the arc between Grenada and Puerto Rico, in the centre of the Caribbean Basin. The chicken drumstick-shaped island has uncrowded beaches, green hills, and one of the best preserved forts in the region, the 17th-century Brimstone Hill. St Kitts changed hands between the British and the French over the centuries, and the fort's views of Dutch neighbouring islands, St Eustatius, Saba and on a clear day St Martin, allowed the British rulers to see invaders coming from miles away, and to unload deadly cannon fire on them when they got close.

Nevis

Nevis is defined by its impressive natural vistas, deserted swaths of sand, and a long-dormant volcanic peak that sits shrouded in cloud – a verdant stairway to heaven. Here, there are no traffic lights and the only semblance of a rush hour is when word gets around that Killer Bee cocktails at Sunshine's (one of the island's iconic beach bars) are 2 for 1!

Start Time	16:00 on Day 1
Finish Point	Oualie Beach Resort, Oualie Bay, Nevis www.oualiebeach.com
Finish Time	11:00 on Day 5

Please note that the below daily itineraries are an example of the swims that may take place during the course of your trip, however, actual swim locations and distances will vary according to local weather and sea conditions. Your SwimTrek guides and local boat pilot will determine the most suitable swim locations each day and will communicate the plan with all guests as soon as possible.

Day 1

We meet at Oualie Beach Resort for welcome drinks and a chance to get to know the other swimmers and guides on the trip. We'll go through the pre-trip safety briefing and discuss the plan for the rest of the trip, followed by our acclimatisation swim from the hotel's beach. We reconvene again shortly after the swim for dinner.

Day 2

Today we explore the north and west coastline of Nevis, starting off at Newcastle Bay and ending our first swim where we started at Oualie Beach Resort just in time for lunch.

After lunch we'll continue heading south along the Nevis coastline towards Charlestown, swimming along the beautiful white sands from Sea Bridge to Pinney's Beach. Stretching three miles along the coast, this is the longest beach on Nevis. We may even end the day at Sunshine's Beach Bar where you'll have a chance to reflect on the day's swimming and sample their rum punch.

Day 3

Today we head to Booby Island, where our first morning swim involves a circumnavigation of the uninhabited islet and then a crossing to Turtle Bay. It's possible to see the striking sight of Nevis Peak behind you for the entire swim.

Following lunch, we have a short boat ride to Shipwreck Bay where we will start a beautiful coastal swim to the Great Salt Pond - keep a look out for the abundance of wildlife and shipwrecks aplenty!

Day 4

The morning is our scheduled time to attempt the crossing between Nevis and St Kitts. A unique aspect of this crossing is that you can see the bottom of seabed clearly the entire way across and keep an eye out for turtles and rays which are common on this stretch. It's a picturesque arrival into Cockleshell Bay where we will have time to relax and have some lunch. For less confident swimmers, our support boats are there for you to jump in and out of at any point during this crossing; alternatively, you can complete the crossing as part of a relay with a friend.

The rest of the afternoon will entail a short scenic swim in Shitten Bay where you can either explore the wildlife in the water at your own pace or relax on the boat.

Day 5

For the final morning, we have a relaxing bay swim at Oualie Beach to bring us to the end a fantastic trip together.

Weather Caveat

For safety reasons, we rely on decent weather conditions when carrying out our swims.
