

TRIP OVERVIEW

Join us on the extended long swims version of our ever-popular swimming holiday in Sardinia as we explore the beautiful waters and stunning coastlines of the islands which make up the Maddalena archipelago. Our longer swims give you a wonderful opportunity to discover even more of one of Italy's most picturesque locations.

This trip features an average daily swim distance of **7km** and includes a combination of coastal swims, crossings and circumnavigations. The archipelago's seven islands feature crystal clear waters, pink sand beaches, dramatic blue cliffs rising from deep sea beds and a series of coves and rocks which offer intense colours and beautiful vistas around every corner.

In the southern part of the archipelago, the two largest islands of La Maddalena and Caprera are a perfect base for some dramatic coastal swims, while the more remote and uninhabited islands of Spargi, Budelli, Razzoli and Santa Maria are great venues for some challenging island-hopping swims and a short circumnavigation. The main town of La Maddalena, a short distance from our base for the week, is a picturesque traditional Sardinian town, and an ideal venue to spend some time relaxing after our daily exertions.

If you would like to explore this part of the world, but are looking for slightly shorter swimming distances, please check out our [Emerald Coast - Sardinia](#) trip.

WHO IS THIS TRIP FOR?

This trip is for those who enjoy a combination of coastal swims and island-hopping and want to extend their daily swim distances a little further than on our other trips. Swimmers should have a good level of open water experience and be capable of completing the average daily swim distance of around 7km prior to the start of the trip.

LOCATION SUMMARIES

La Maddalena

The main island of the archipelago, La Maddalena is renowned for its beaches and rocky terrain. It has a number of ancient fortifications, perfect for exploring on hikes around the island. The main town, also called La Maddalena, has a lovely mix of cobbled streets and a vibrant sea front.

Caprera

Located less than a kilometre away from the larger island of La Maddalena, Caprera has its own unique charm. It is famous for being the home of the Italian patriot and fighter, Giuseppe Garibaldi who was one of the fathers of Italian Independence. Great beaches adorn its eastern side.

Spargi

Spargi is home to some of the most picturesque coastline in the archipelago. It is an island worth a visit, with beautiful views of the dramatic Maddalena coast.

Budelli

Renowned for its Spiaggia Rosa ('Pink Beach') on the south-eastern part of the island, this natural phenomenon owes its colour to microscopic fragments of corals and shells.

Razzoli & Santa Maria

These two islands are the northernmost point of Sardinia and from here you can clearly see Corsica across the Straits of Bonifacio. It's only 100 metres between Razzoli and Santa Maria and you can see the sandy seabed all the way across. These remote islands join up with Budelli on our three-island swim in a central lagoon of crystal clear sea.

Daily Itineraries

Please note that the below daily itineraries are an example of the swims that may take place during the course of your trip, however, actual swim locations and distances will vary according to local weather and sea conditions. Your SwimTrek guides and local boat pilot will determine the most suitable swim locations each day and will communicate the plan with all guests as soon as possible.

Day 1

After your arrival you will have a chance to relax before meeting in the evening at the hotel for a welcome drink and pre-trip safety briefing in which the week's plan will be discussed in detail.

Day 2

After a short boat ride, we stop in the crystal clear waters of Cala Francese for an acclimatisation swim, a perfect spot for our first swim of the trip. After lunch and a chance to relax, we set off on an enchanting coastal swim from the tranquil bay of Cala Francese to Bassa Trinita.

Day 3

After breakfast we set off towards Isola Santo Stefano where we start our first swim of the day which takes us from la Fiumata on the west coast all the way to the south coast of the island finishing at Punta San Giorgio, right in front of the wall of the Italian Navy Base of Santo Stefano. The swim includes the circumnavigation of the small Isola Roma with its glorious statue dedicated to all seafarers. At the end of the swim, we head for lunch in the beautiful Cala di Vela Marina. In the afternoon, we take a short walk, which allows you to take in the panoramic views from the island, before completing our second swim south along the coastline of Sardinia from Porto Rafael to Spiaggia La Sciumara. This is a very exclusive area of the Emerald Coast which become famous during the 1960's through Spanish architect Rafael Neville, and is now a very popular location with celebrities from all over the world.

Day 4

A short boat journey this morning takes you west for our first crossing of the week; La Maddalena to Spargi (from Cala Francese to Cala Ferrigno). It's a great swim as we finish at the tranquil beach of Cala Ferrigno with its amazing pristine waters. Spargi is known for its majestic rock formations and ancient shipwrecks on the seafloor, so there's plenty to look out for underwater. After lunch, the second swim is along the west coastline of Spargi, starting in front of the neighbouring island of Spargiotto and finishing at the beach of Cala Corsara, south of Spargi.

Day 5

We start the day with the crossing from Spargi to Budelli (from Cala Pietranera to Spiaggia dell'Obelisco). It's a fantastic swim with dolphins often spotted in this area. The afternoon's swim and walk is within the remote archipelago of Santa Maria, Budelli and Razzoli islands. The swim starts from Cala Aiacciolu on the west side of Santa Maria and finishes in Cala Lunga on the west side of Razzoli. The water here could be described as more closely resembling a swimming pool as the sea is enclosed on most sides by the three islands.

Day 6

It's time to travel east to Isola Caprera, the home of the General and politician Giuseppe Garibaldi. From here, we enjoy a beautiful coastal swim from Porto Palma, just past the sailing school of Caprera, to the very south end of the island that ends with the rocky headland Punta Rossa. Following lunch, we take a short walk to Batterie di Punta Rossa where you can explore the barracks and gun emplacements of this ancient fort. The afternoon is given over to a crossing and a full circumnavigation swim of Isola Porco.

Day 7

We take a leisurely morning swim in the local bay before breakfast to conclude our journey around the Maddalena archipelago.
