

TRIP OVERVIEW

Discover the stunning coastlines and crystal-clear waters of one of Europe's southernmost destinations with this ideal swimming holiday to enjoy as a family. Based on the idyllic Greek island of Crete, there's plenty to explore for both adults and teenagers to discover. From dramatic coastal cliffs to isolated coves, bays and beaches, the island is full of spectacular locations to explore and enjoy.

Our base for the week is the remote coastal village of Porto Loutro, which can only be reached by boat, hiking or, of course, swimming! Hotel Porto Loutro on the Hill, which offers modern and comfortable rooms with sea views, is located just metres from the water's edge and is the perfect place from which to enjoy the tranquillity of this island paradise.

With a range of shorter stunning coastal swims, beautiful natural scenery and a long and rich history which dates back to the Minoan civilisation that occupied the island as far back as 3,650 BC, this trip is a wonderful opportunity to discover this truly fascinating part of the world with your family.

WHO IS THIS TRIP FOR?

Designed for families who want to swim together, this trip offers the chance for adults to bring children as young as 12 to enjoy the full experience of a swimming holiday. A classic SwimTrek break, our Crete Discovery trip features plenty of idyllic coastal swimming, an accessible way to enjoy open water swimming for a variety of abilities. Our Teens trips conveniently operate during school holidays and provide the opportunity for teenagers to swim with others of their own age as well as with their family. Swimmers should have a basic understanding of open water swimming and be capable of completing the short swims distances of an average 3km daily.

Please note that adults that are not travelling with their own teenage children or are part of a party with at least one teenage child are not permitted on this trip. Equally, teenagers must be accompanied on the trip by at least one adult.

LOCATION SUMMARIES

Porto Loutro

This small, isolated fishing village is situated in a bay which is overlooked by the peaks of the White Mountains rising to over 2,400m. There is a selection of tavernas and cafes in the village and our hotel has dramatic views looking both south and east. The island of Gavdos, Europe's southernmost piece of land, is clearly visible from within the village.

White Mountains

The White Mountains or Lefka Ori occupy the centre of West Crete and are the main feature of the region. They are made of limestone and called White Mountains because they are covered in snow until late in the spring, and in the summer the sun reflected on the limestone summits makes them appear white as well.

Sfakia

Famous over the years as one of the centres of resistance against Venetian, Turkish and German occupying forces, Sfakia is also known for the harshness of its natural environment and the ruggedness of its people.

Frangokastello

A magnificent Venetian castle built in the 14th Century dominates the town. During the Greek War of Independence, the castle witnessed a battle between the forces of the Greek independence leader Hatzimichalis Dalianis and the forces of the Ottoman Empire. According to tradition, each May on the anniversary of the battle, shadows of the armed Cretan soldiers who lost their lives there seem to march towards the fortress around dawn.

E4 European Long Distance Walking Path

Starting on the Spanish side of the Strait of Gibraltar, the E4 continues through France, Switzerland, Germany, Austria, Hungary, Romania, Bulgaria and Greece. It visits Crete as well, and our swim journey is based under its gaze as it winds across the long dramatic coastal cliffs.

TRIP SCHEDULE

Start Point	Hotel Porto Loutro On The Hill, Porto Loutro, Crete www.hotelportoloutro.com HYPERLINK "http://www.hotelportoloutro.com/Hotels/Porto_Loutro/The_Hotel.htm"
Start Time	17:00 on Day 1
Finish Point	Porto Loutro, Crete
Finish Time	11:00 on Day 7

Please note that the below daily itineraries are an example of the swims that may take place during the course of your trip, however, actual swim locations and distances will vary according to local weather and sea conditions. Your SwimTrek guides and local boat pilot will determine the most suitable swim locations each day and will communicate the plan with all guests as soon as possible.

Day 1

We'll meet on the lovely outside terrace of our hotel. As a group we'll enjoy a welcome drink overlooking the village of Porto Loutro before our safety briefing and a description of our upcoming adventures. There's then time to head down the hill for a short acclimatisation swim before heading out for dinner in one of the tavernas on the water's edge.

Day 2

After breakfast, our boat takes us to the start of our morning swim. Beginning at Sweetwater Beach, we swim west beneath the E4 coastal walk bringing us back towards Porto Loutro. Looking towards shore you are sure to spot hikers on the trail above watching as you swim. There's also some time to

improve your technique as we will pause to offer you a chance to have your stroke recorded returning to Porto Loutro for lunch.

In the afternoon, it's time for a circumnavigation swim. The harbour signal light is located on an islet at the mouth of the bay. Swimming around the rocky outcrop, this short swim features stunning underwater scenery and a unique view of Porto Loutro. We finish the swim at the town beach with a technique session. You will get a chance to practice some of the drills that your guide may recommend during the technique advice and video playback session later that evening.

Day 3

Today we visit the coastal village of Agia Roumeli at the foot of the famous Samaria Gorge. The village can only be reached by boat or hiking trail unless, like us, you plan to swim into the town! The morning swim starts at Agios Pavlos beach, where the apostle St Paul is said to have landed during bad weather on his voyage to Greece in 1st century AD. Swimming through the crystal-clear water, we follow the coastal edge of the Samaria National Park.

We have a longer lunch today to give you time to explore the town. There is a selection of lively Greek tavernas to enjoy or you can stretch your legs hiking to the Turkish fortress. There are spectacular views of the town and sea from this ridge. Look inland to admire the Samaria Gorge and the exhausted hikers making a beeline for a cooling dip in the sea.

We follow the sheer cliffs on the west of the town to Damata beach and its pine trees for our second swim of the day. During the swim you pass by the stunning Fournoti cliffs, home to the only known *Hypericum aciferum* plant in the world, that you can spot growing on the cliff side.

Day 4

This morning we jump in the water in front of the hotel. Leaving the village behind we slip through the narrow channel between Crete and the Porto Loutro signal light. We continue around the peninsula to Marmara beach. Watch the water change colour as you get closer to the white marble pebbles that make up the beach. This interesting craggy coastline is a great place for our longest swim of the week.

After our post-swim snacks, you can travel back to Porto Loutro by one of our escort boats, relax on Marmara beach or enjoy lunch in one of the cliff-top tavernas serving traditional Cretan cuisine overlooking the beach. You could venture into a nearby gorge, relax, or follow the E4 track back to the hotel. The choice is yours.

Day 5

Today is a day of stunning coastal swimming in the remote area between Chora Sfakia and Frangokastello. This is a real opportunity to stretch out and put into practice what you have picked up during the trip so far. We start at the sea caves by Agios Pavlos and swim down a remarkable stretch of coastline, finishing at Koutelo with its beach taverna where we stop for lunch. In the afternoon, we carry on along the dramatic coastline as we swim towards Kritamos.

Day 6

This morning starts with a hike along the E4 route until we arrive at the sandy Sweetwater Beach. The route grips the edge of the cliff, giving you a bird's eye view of yesterday's swim. On arrival, we meet up with our support boats and swim east towards the town of Sfakia. The coastline is dotted with a series of interconnected caves for you to explore. During our lunch break, there is free time for lunch

in Sfakia, a town that is famous for its cheese pie. Treats from the bakery in the town are also highly recommended.

It's more caves, inlets and exploring for the afternoon swim. Heading east from the port at Chora Sfakia, we head towards Filaki. This dramatic stretch of coastline is pocketed with cracks, caves and caverns.

Day 7

After the exertions of the week, it's time for a relaxing swim on the beach just outside our hotel before the trip finishes at 11am.
